Jeff and I purchased an accident and cancer policy from Family Heritage in 2006 thinking it would be a great savings plan. Little did we know that it would help us pay our bills in the years to come! I was diagnosed with Breast Cancer in September 2007 and found out it spread to my bones in 2008. The bills piled up, even with medical insurance and Family Heritage was a life saver, I can always count on them to process my claims in a timely manner and the money arrives as promised! Thank you to Family Heritage!
